## We Cater Any Occasion

We have been in the food business for a long time, so when we do catering job, we take extra step to make sure that you receive the highest quality food for the best price possible. Our catering, is taken serious, form all of us at Uncle Sal's Italian Villa. What we won't eat, we will not serve to anyone. Your happiness and well being is important to us. You never have to worry if the food is good or if there is enough. So sit back and relax at your own party.

Our food is prepared the night before and the day of the catering job, not a week before, like other places do. Our produce, seafood and meats are the freshest around.

I sometimes go to the market to get it myself. I am very picky when it comes to food, so I will not disappoint you with our catering job. I treat every job like it is for my family, because I believe you the customer is part of my family. I will fulfill your catering need, and handle it with care.

At Uncle Sal's we promise to beat any price anywhere else, better prices, higher quality food and bigger portions.

**Thank you very much for choosing Uncle Sal's to cater your functions.**

We also cater for weddings. We will plan a whole wedding if you desire, for the lowest price possible.
